

**Line  
Floor  
Version**

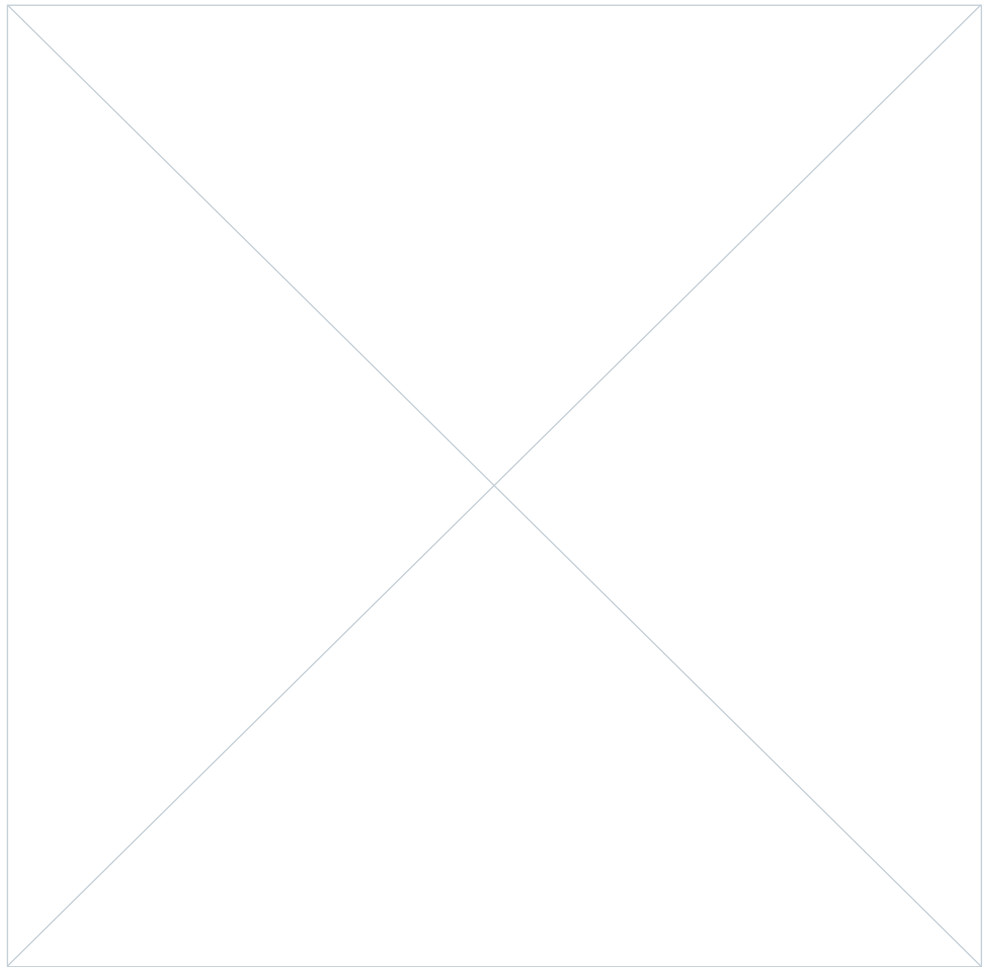

Thin line floor version is ultra-minimal.  
The slim and clean light line offers both  
technological and formalistic light comfort.  
It emits soft antiglare light creating a relaxing  
spatial atmosphere. It perfectly enhances  
minimalistic architectural design.

L 150 × W 200 × H 1800  
Made in aluminium.  
Powder coated in black or white.  
Designed by Janez Mesarič, Mashoni  
for Intra lighting.

**Rectangular  
Floor  
Version**

Rectangular floor versions of Vitka stand out because of their evocative graphic impression of their slim silhouette, summing up the distinctive features of the poetic and functional research conducted on the theme of geometric light.

L 450 × W 200 × H 950  
Made in aluminium.  
Powder coated in black or white.
